MATERIAL PROVIDED ON DISC FORM.

THE INSTRUCTOR for this training course will be investigator David Newman (RET) from the Norfolk Police Department in Virginia. Investigator Newman began his career in law-enforcement in 1984 and retired from Norfolk in late 2008. His experience with the Norfolk P.D. includes over 15 years in the bureau serving in homicide & forensics and involvement in over 500 death investigations and high profile homicides. While serving in forensics he has investigated over 2500 cases including an additional 65 homicide investigations and over 500 crime scenes. Investigator Newman received his Bachelor's Degree from Old Dominion University in 1986 in Criminal Justice, and has lectured several hundred hours to law enforcement agencies at all levels across the country on the topic of homicide investigation and its related forensic applications. His courses have been taught in conjunction with the Virginia State Division of Forensic Science and the Office of the Chief Medical Examiner. Investigator Newman has also instructed basic and advanced forensics at Thomas Nelson College in Virginia, equivocal death scenes at the Virginia State Division of Forensic Science, and is a qualified expert in death investigation and its related forensic fields. His expertise in crime scene management through development of standard operating procedures have been adopted by several agencies across the country with great success. Inv. David Newman continues to provide aid and consulting for agencies across the country in cold cases, 911 analysis and S.O.P development.

Certifications include LETAC, Missouri and Kansas POST, MCOLES, Florida Bar Association, TCLEOSE, ILEA, Virginia DCJS, Minnesota Post & Illinois Law Enforcement Training & Standards Board for Lead Detective

COURSE TOPICS ARE TO INCLUDE:

- *What defines a cold case?
- *Demonstrate how to manage cold case files by assigning point values.
- *Discuss the differences between a cold case and an exceptional case.
- *Importance of victimology in a cold case investigation. (Questionnaire)
- *Discuss how unresolved solvability factors can lead to unresolved cases.
- *How to establish motive through victimology, setting and crime scene indicators.
- *Examine factors that define the association between the victim and suspect.
- *Data bases and DNA (Phenotyping)
- *How to examine previously gathered data for the presence of the suspect.
- *The role of direct evidence in cold case investigations.
- *Use of the media in a cold case.
- *Investigative strategies when re-approaching a cold case. (Protocol)
- *Criminal Investigative Analysis and the proper way to define Method of Operation.
- *Demonstrate how proper scene management yields higher clearance rates.
- *Use of VICAP in a cold case.
- *Prosecution concerns.
- *Case reviews and cold case presentations by attending agencies.

Inside the Tape has been committed to providing quality training to law-enforcement agencies since 2001 without raising tuition rates or cancelling classes. We have added more in depth topics and several new case reviews to our program which continues to receive high marks from law enforcement at all levels across the country, and has been used as a model for homicide scene management by agencies such as the Cincinnati, Austin, Detroit, Atlanta and St Paul Police in Minnesota. Several agencies contract our program out for in-service training and have implemented our methodologies and crime scene management principles with great success resulting in higher clearance and conviction rates. Our courses have also been certified by the Illinois Law Enforcement Training and Standards Board by the Law and Justice Commission as required training to serve as a lead detective in the state.

REGISTER ON LINE AT WWW.INSIDETHETAPE.COM
